PROFILE

I offer a versatile and dedicated approach, coupled with a strong desire for continuous skill enhancement. With nearly two years of industry experience, I specialize in designing visually appealing and user-friendly web applications. Proficient in HTML, CSS, and JavaScript frameworks, particularly React, I excel in creating seamless and responsive user interactions. My commitment lies in effectively integrating knowledge for optimal results.

WORK EXPERIENCE

Frontend Developer   2023
Ekiti State Digital Skilling Academy,
Tech4Dev,
META.

- Employed HTML, CSS, and JavaScript (specifically React) to craft visually appealing and user-centric websites. By prioritizing responsiveness and ease of use, I aimed to enhance the overall user experience and optimize the performance of the sites.
- Successfully collaborated with cross-functional teams to deliver (Real Estate Web App captstone project), showcasing my adaptable and cooperative nature.
- Actively engaged in daily stand-up meetings, actively sharing ideas and providing regular updates on the project's advancement, as well as discussing any challenges or obstacles that were impeding progress.
- Actively engaged in code reviews, where I gained valuable insights into best practices for upholding code quality and ensuring its maintenance.

Frontend Developer
Alusoft Technologies LTD, Ibadan, Oyo State.   2022

- Designed and developed responsive and user-friendly websites using HTML, CSS, and JavaScript, enhancing user experience and optimizing site performance.
